

MEMO FOR RECORD

August 10, 1981

From: B. D. Berglund

Subject: REVIEW OF PAPER "DEVELOPMENT OF LOCKHEED SR-71 BLACKBIRD" FOR
RELEASE

Per request of Mr. C. L. Johnson, Tom Hunt, Supervisor of Classification Management Unit, and myself reviewed Mr. Johnson's document entitled "Development of Lockheed SR-71 Blackbird" dated 29 July, 1981, to determine sensitivity of the document prior to public release. We found nothing in the document of a classified or sensitive nature that would preclude its release. Mr. Johnson advised he was also seeking approval of the Air Force and the CIA regarding his intent to release the subject document.
